Cat 5 Crossover Connections.

If you need to connect two computers together via their network connections, it isn't necessary to buy an expensive network hub. All that is needed is a passive CAT5 Crossover cable. The connections are quite simple:

N.B. Plugs viewed from pin side

	Connect pins	
1	1 to 1	1
1	2 to 2	1
1	3 to 7	1
1	4 to 4	1
1	5 to 5	1
!!!!!!!!	6 to 8	!!!!!!!!
1 !!!!!!!! 8	7 to 3	1 !!!!!!!! 8
	8 to 6
